COVID-19 RAW Adventures/Climb Snowdon Client Update – 23 September 2020

Croeso * Welcome! We hope this email finds you well - it's been a while since we were last in contact...and we've loved welcoming many people back to Eryri * Snowdonia while the summer sun has shone (or not!) We have enjoyed some fabulous Guided Running days in Snowdonia and the Lake District, Walks Eryri routes across wonderful peaks and ridges and hosted family climbing and camping adventures during the busy summer holidays. We hope your last few months have treated you kindly. Although we appreciate there exists many feelings of loss and challenge for so many, in this most unsettling year of 2020. We hope, like us, that you have been able to find personal solace where you can. We always look to the curves and contours of the hills and mountains of Eryri for this, too.

A reminder of current Covid-19 Local and UK restrictions that may affect you and your travel plans*

- In Wales (and England) organised outdoor activities (by an official provider of such activity, as is RAW Adventures) can operate with up to 30 x people outside, and may also use inside venues in a well-managed and Covid-secure way. We continue to operate in this manner, until we hear otherwise from Welsh Government and/or our relevant activity/sports associations (like Mountain Training and Sports Wales)
- In Wales, groups of individuals/families/friends are not able to socialise indoors (homes and pubs/cafes etc) with anyone who is not in your household/extended household, and then also not in a group larger than 6 (children under 11 are not counted within this '6')
- There are certain areas of South Wales (as at 23 Sept 2020) that are not allowed to travel outside their local area without reasonable excuse. We are monitoring guidance in case this guidance changes or becomes applicable to wider areas across Wales or the UK
- If you are travelling from an area in England, with specific local restrictions, you are still able to 'go on holiday' outside of the affected areas, but you should only do this **with people you live with** (or have formed a support bubble with)

**Please check [Welsh Government](#) and/or [UK Government](#) websites for up to date information pertaining to where you live or where you're travelling to*
